## Planes to Be Built at Hope Airport

A new local company this fall will begin manufacturing twin-engine executive aircraft at the Hope municipal airport hangar.

Announcement was made late Monday that Mrs. Freda Greenan, president of Corn Belt Hatcheries, has through her newly organized Southland Aviation, Inc., executed a contract with Bay Aviation Services Co. of Oakland, Calif., for territorial rights covering six states: Arkansas, Kansas, Missouri, Texas, Louisiana and Oklahoma.

The executive plane, known as the Super-V, consists of the airframe of the Beechcraft Bonanza, one of the most famous single-engine planes in the world, but converted to twin engines in a package deal supplied by Bay Aviation Services Co.

This industrial development was outlined by Mrs. Greenan, John Randolph, and Bill Watson of the Corn Belt Organization, to a 7 o'clock breakfast arranged at the Diamond Cafeteria Monday by the Hempstead Industrial Development Foundation, Hope Chamber of Commerce, and the City of Hope.

### New Plane Here

Monday noon one of the new twin-engine planes flew into the local airport from California with Edwin H. Gough, president of Bay Aviation Services Co., and his pilot, Charles Johnson. They were greeted by a large delegation of local business people.

Mrs. Greenan told the Monday breakfast meeting that Southland Aviation, Inc., which has leased the municipal airport since January 1, is moving into what looks like a favorable spot in the executive aircraft industry.

She introduced Bill Watson, who told the breakfast audience that the local firm will acquire Bonanza airframes and remanufacture them into twin-engine executive aircraft.

## Here Is Type of Airplane Which Will Be Assembled by New Industry at the Airport

A DELEGATION OF HOPE BUSINESSMEN GREETED this Super-V twin-engine executive aircraft when it flew into Hope airport Monday noon from Oakland, Calif.

LEFT TO RIGHT IN THE PICTURE: FRANK McLARTY, president of Hempstead County Industrial Foundation; Edwin H.

Gough, president of Bay Aviation Services Co., Oakland, Calif., which distributes the assembly franchises for the aircraft; Mrs. Freda Greenan, president of the new local company, Southland Aviation, Inc., which holds a six-state franchise; and George W. Robison, Jr., member of the Hope City Board of Directors.

MONDAY AFTERNOON MRS. GREENAN SIGNED Southland's contract with the Oakland firm setting up the new local industry. Left to right in this picture at Hope Chamber of Commerce offices: Front Row — Mr. Gough, Mrs. Greenan, and

John Randolph, general manager of Corn Belt Hatcheries. Back Row — Frank McLarty, president of Hempstead County Industrial Foundation; George T. Frazier, member of Hope City Board of Directors; and G. G. Medders, Hope city manager.

THE STAR'S 360MM. TELEPHOTO LENS GOT THIS picture of the N-442-Y as she swooped over the airport hangar Monday noon and, wheels and flaps down, headed west on the east-west runway for a landing. She was doing 180 miles an hour, and about 200 feet up. Framed in the plane window is the pilot, Charles Johnson. Note that the 1/1,000th of a second exposure "stopped" the propeller on the far side of the plane. With the 3-time magnification by the telephoto lens, and a 20-time blowup in the enlarger, the picture is 60 times larger than what the editor saw in the viewfinder of the camera. The mottled effect is due to film grain caused by excessive enlargement of a coarse high-speed news film.

### Accepts ABC Offer

HOLLYWOOD (AP) — The Academy of Motion Picture Arts and Sciences voted Monday night to accept the ABC network's bid to the show.

### Faubus' Aide Resigns Post

LITTLE ROCK (AP) — Dan Stephens of Clinton has resigned, effective Oct. 1, as an aide to Gov. E. Faubus.

Faubus, announcing the resignation yesterday, said Stephens, a former prosecuting attorney, planned to resume his law practice. But the governor added, "I still hope that Dan will change his mind."

### Schools Discussed at Lions Meet

Elmer Brown, Hempstead County School Supervisor, spoke to the Lions Club Monday. Mr. Brown's talk consisted of facts and figures concerning the changing status of the Hempstead County School System during the past thirty years. He pointed out that the number of eligible school-age children has decreased drastically during the past thirty years, but that the daily attendance has increased from about 70 percent in 1930 to approximately 90 percent in 1960.

Mr. Brown also explained the millage in Hempstead County, and that portion which goes to the schools, and gave figures on the increasing teaching wages and money spent per pupil. In answering a question from the floor, Mr. Brown pointed out that while the money spent in Hempstead County per pupil is about equal to that of the Southern States in general, it is far below many of the states in the North and East.

Dr. Charles Johnson was introduced as a new member of the Club. Guests included Hal Butler and Lion Gene Wallace of Nashville.

### Fatal to Firemen

TORONTO (AP) — Three years ago Alice Wilde's husband was killed when the fire truck he was driving crashed.

Monday her second husband, also a fireman, died at the same suburban Scarborough intersection when a fire truck and a gravel truck collided.

## Dollarway Plan Does Not Meet Obligation Appeals Court Rules

### Police Powers Fail to Curb Race Violence

By THE ASSOCIATED PRESS  
Violence flared early today despite emergency police powers ordered to curb the racial outbreaks that have plagued Jacksonville, Fla., with fire bombings and shootings.

The first death of the current trouble came when policemen returned gunfire at a car carrying two Negroes which crashed into a utility pole.

In Buford, Ga., 25 miles north-east of Atlanta, a rock-throwing racial fight Monday night brought about the arrest of two dozen white youths and about an equal number of Negroes.

The outbreaks came as New Orleans looked toward U.S. Dist. Judge J. Skelly Wright for a decision on a plea for delay in his orders to integrate the city's first grades and as Delaware school authorities were under court order to speed up integration of their schools.

The Negro man killed in Jacksonville was not identified. Police officers who fired at the car in which he was riding said he had not been shot. A companion, identified as Willie Green, 44, of Jacksonville, said he did not know the dead man. They met in a bar and decided to ride around and "raise hell," Green told police.

An attendant at a service station fired upon by the Negroes narrowly escaped death. A bullet hit a pistol in his pocket and then punctured a can of oil in the pocket.

Fire bombs — kerosene-filled glass bottles — were thrown at a number of stores, causing damage estimated at \$4,015. Several failed to explode or burned harmlessly outside the establishments.

The new outbreaks in Jacksonville came despite emergency police powers invoked by Mayor Hayden Burns. He banned street gatherings of more than four persons and unnecessary auto traffic following fights and vandalism over the weekend.

Burns refused official sanction to a request from the Jacksonville Ministerial Alliance for a biracial committee to iron out the troubles. He said such committees in other towns have resulted in integration.

The Georgia incident began when Negroes reportedly hurled stones at cars occupied by white youths on the main street of the small community. The white youths chased the Negroes into the Negro section and continued the battle until police arrived.

### Murphy Corp. Not Income Gains

EL DORADO, Ark. (AP) — The Murphy Corp. reported a 20 per cent increase in net income during the fiscal year which ended May 31.

A report of stockholders yesterday listed net income of \$3,506,650.

It was the sixth consecutive year an increase in net income has been reported.

In the 10-year period which ended with fiscal 1960, net earnings increased 153 per cent, cash generated internally was up 332 per cent, and stockholder equity tripled, the report said.

### Club Health Leaders Hold Conference

How can we recognize fatigue?

This question was discussed by home demonstration club health leaders at a meeting held Friday, August 26. The group discussed two types of fatigue, normal and chronic. Homemakers need more relaxation, rest and recreation to prevent acute fatigue and boredom.

The health leaders attending the meeting were Mrs. T. B. Penwick, Baker Club; Mrs. Virgil Huckabee and Mrs. Otto Roberts, Melrose Club; Mrs. Earl Baip, Mrs. J. B. Rowe Jr., Hinton Club; Mrs. Ester Montgomery and Miss Hazel Cummings, Sweet Home Club; Mrs. R. G. Sheffield, McGaskill; and Mrs. Sid Skinner, Centerville.

Mrs. Ernest Graham, county health leader, and Mrs. Joann Phillips, Home Demonstration Agent, conducted the meeting.

### Orders Railway Trains to Continue

WASHINGTON (AP) — A St. Louis-San Francisco Railway proposal to drop its last two daily passenger trains between St. Louis Mo., and Memphis, Tenn., has been vetoed by the Interstate Commerce Commission.

The trains serve 36 intermediate points in Missouri and Arkansas on a 305-mile route.

Frisco wanted to halt the runs effective today.

The ICC yesterday ordered the trains continued for another year, when the Frisco may renew the proposal to discontinue them.

The railroad reported that the trains lost nearly \$100,000 in 1959 and about \$42,000 in the first four months of this year.

## Complaint by Negro Students Is Upheld

ST. LOUIS (AP) — The Eighth U.S. Circuit Court of Appeals ruled today that the Dollarway, Ark., School District's application of its plan of desegregation does not meet requirements of the law.

The court said the district is "obligated to do more than deal with generalities."

The appellate court vacated a federal district court ruling in Little Rock approving the district's plan as "a start toward elimination of racial discrimination."

"Our difficulty with this is," the appeals court said, "that what the school board has said it intends to do does not seem to us to contain any demonstrable objectives of either effort or aim, so as to resist to be appraisable as a 'reasonable start.'"

The three-judge tribunal affirmed a district court dismissal of a complaint by three Negro students who were denied admission to the all-white Dollarway School.

However, the court said:

"Standards of placement cannot be devised or given application to preserve an existing system of imposed segregation nor can educational principles and theories serve to justify such a result."

This was a reference to the Arkansas pupil placement laws which previously had been ruled constitutional on their face.

## Schedule for Opening of Hope Schools

The schedule for teachers and students for this week was announced by James H. Jones, Superintendent of Schools, as follows:

Wednesday, August 31, 9 a. m. General Teacher's Meeting Junior High Library.

Thursday, September 1, 8:30 a. m. Grades 1, 2, 3, 7, 8, 10 report to their respective schools.

Friday, September 2, 8:30 a. m. Grades 4, 5, 6, 8, 11, 12 report to their respective schools.

All grade school children who were in school last year will report to the same school that they attended last year. Shifts will probably have to be made from one school to another in some cases in order to balance the teaching load in every school.

All school buses will make their regular run on Thursday, September 1, and Friday, September 2.

All children should be home by noon or before on Thursday and Friday.

No students will report on Monday, September 5. Regular school begins Tuesday, September 6 with half day schedule.

All lunchrooms will open Monday, September 12.

## Pleads for More Foreign Money

WASHINGTON (AP) — House leaders heard a last-minute plea today from Undersecretary of State Douglas Dillon for more foreign aid appropriations.

Dillon met with Speaker Sam Rayburn (D-Tex.), the majority leader, John W. McCormack (D-Mass.), the minority leader, Charles A. Halleck (R-Ind.), and leaders of the appropriations committee.

He sought approval of inclusion of \$191,000,000 in extra foreign funds in a supplemental money bill now before the Senate. The Senate Appropriations Committee approved the fund Saturday and the Senate was expected to do likewise.

The money would partly offset heavy cuts in the foreign aid appropriations bill which Congress passed last week.

## THE WOLF THAT RODE

By Nelson Nye  
© Nelson Nye 1960 Distributed by Newspaper Enterprise Assn.

The sun, coming over the eastern rim, roused him. Or maybe it was the cattle. He got up and saw them coming, single-file like Indians, the dust plopping up and rolling out — pretty near enveloping them — in ragged swirls like yellow smoke. He had figured they'd be in once they knew about this water.

He looked around for Trone's horses, spotting most of them without trouble. Two were out of sight, but he knew with those hobbles he would soon have them back again. Whistling for Roanie he shook out his blanket and picked up the rifle.

Roanie came up softly whickering. Brett rubbed his nose and let the horse nuzzle his pockets. When his nudgings turned a little rough with impatience Brett took out a plug of tobacco he kept for him and, breaking off a chunk, held it out, grinning as the roan hooked his head up and down while he chewed. It was a kind of ritual with them and helped keep down the worms. Horse candy, Brett called it. He put the rest of it

## Legal Notice

## EXECUTION SALE

Notice is hereby given that on 9th day of September, 1960, within the hours prescribed for judicial sale, pursuant to execution issued on Judgment by Circuit Court of Pike County, Arkansas, May 1960, in case No. 1410, Beatrice Stokes and Floyd C. Stokes, plaintiffs, versus, Eli Hill and Frank Hill, defendants, on a judgment for \$2,000.00, with interest at 6 percent from date of judgment, and costs of sale, the undersigned Sheriff will offer for sale to the highest bidder on a credit of three months, the purchaser to execute bond with a surety to be approved by the officer making the sale, the following levied upon as the property of Eli Hill and situated in the County of Hempstead and State of Arkansas, to-wit:

The Northeast quarter of the Northwest quarter and the South east quarter of Section 28, Township 9 South, Range 24 West. This levy is made to satisfy a judgment aforesaid against the said Eli Hill and Frank Hill. Witness my hand and seal as Sheriff and Collector of Hempstead County, Arkansas, this 22 day of August, 1960.

Brett got an arm over his neck, manhandled the bit into his mouth and secured the bridle. He came up with the saddle, settled it back of the withers, kneed the wind out of the bronc, took upon the strap, took up two more inches and tucked in the end.

Stepping back, Brett passed a glance over the landscape. No sign yet of Tice. Brett climbed out and got a drink from the tank, sleeveing the excess off his chin, hearing the bristles scrape.

Brett grunted, looked around again and got back into the pen. He tied his neckerchief over the bay's rolling eyes, jerked off the hobbles, untied the free end of the rope from the post and put a foot in the stirrup.

The bay, still trembling, stood like a rock. Brett wrapped the freed end of the rope around the horn took a good solid hold and went up. The horse kind of squatted but stayed in its tracks ears back filled with tension. Brett peered around for a good place to land. He jerked off the blind.

The horse felt to Brett like a stack of bunched springs. Sued by his head came around, teeth bared. Brett struck him across the nose with the rein ends. When he still tried to reach, Brett put a fist between his ears. The brute's head went down his hind end came up as though an explosion had lifted it. Brett grabbed with his knees and the fight was on.

The bay cloud - hunted. He bucked in circles and figure eights. He went into a crescent, sunfishing, striking right and left, as if trying to touch the ground with one shoulder and then the other. Then he started pile-driving, humping his back, coming down with all four legs stiff as fence posts. Brett felt like his spine was going to go through his hat. The horse went into a double shuffle, jackknifed, went up into a spin. Just when Brett had about made up his mind he couldn't last another jump the horse quit to stand head down, sides heaving. Brett just sat there, too pooped to get off.

## Boys Sucked Into a Storm Sewer

CAMDEN, Ark. (AP)—Two boys splashing in a rain-flooded street drowned when they were sucked down a storm sewer. The body of Jodie Kilgore, 14, was found a quarter-mile away, where the 36-inch sewer pipe drains into a ditch. The body of Billy Alford, 15, was caught in the pipe a few feet from the drain. He watched Brett bask where the Negro boys were fully, flinching and trembling dragged under by rushing water when Brett put the blanket on Monday.

## Two Injured in Chicago Race Trouble

CHICAGO (AP)—Two Negroes were injured and a white youth was arrested when the Chicago chapter of the National Assn. for the Advancement of Colored People staged a racially integrated outing at a Lake Michigan beach on the South Side.

Thirty Negroes and seven white persons went to the beach in what Dempsey Travis, president of the chapter, said was a protest of past "minor beach incidents."

Sixty uniformed policemen, triple the usual number, were on duty.

The NAACP party was stoned and jeered by about 50 white bathers, witnesses said, before the integrated group was escorted from the beach.

Velma Murphy, 21, a university student, suffered scalp cuts and Irvin Howard, 25, was treated for a bruised shoulder.

James Southard, 18, was arrested on a charge of carrying explosives. Detectives said he was carrying a gasoline bomb.

## Both Sides Regret Nixon Knee Injury

By THE ASSOCIATED PRESS

Expressions of regret have flowed in from both sides of the political fence to Vice President Richard M. Nixon, hospitalized with a knee infection that may keep him off the campaign trail for two weeks.

The Republican presidential nominee entered Walter Reed Army Hospital late Monday for treatment of an infection that damages red blood cells. He had bumped his knee on an automobile door Aug. 17 while campaigning in Greensboro, N.C.

Nixon's campaign dates until about Sept. 12 were canceled. Democratic presidential nominee John F. Kennedy promptly wired regrets and said, "I look forward to seeing you on the campaign trail." Kennedy's running mate, Senate Majority Leader Lyndon B. Johnson of Texas, sent flowers and regrets.

White House press secretary James C. Hagerty said, "The President regrets Mr. Nixon's ailment very much." Senate Republican Leader Everett M. Dirksen said, "We are all distressed."

The vice president is expected to be able to work on campaign plans and speeches while he is sidelined.

Nixon entered the hospital after meeting with a new Dick Nixon Sports Committee headed by Bob Reynolds, former Stanford University football great. Reynolds said the 54 members of his group will stump for Nixon wherever they can. Other members include baseball players Ted Williams and Roy Sievers, golfers Bobby Jones and Sam Snead and pro football's Frank Gifford.

Two magazine articles written by Kennedy were in the news. In the current issue of the Saturday Review, he said the idea that the free world can be protected by the threat of massive retaliation is no longer tenable. He said greater efforts should be made to seek effective means of arms control.

In a Look magazine article, Kennedy said he had always regarded Johnson as the strongest Democratic candidate for vice president, but had not been sure Johnson would take the No. 2 spot. Kennedy said that it was after he had received a congratulatory telegram from Johnson that he determined to ask him if he were available for the vice presidency.

## Wants a Fall Out Shelter for NLR

NORTH LITTLE ROCK (AP)—A Civil Defense team asked Mayor William Laman today to get his city to build a model fallout shelter.

The proposed shelter would be designed to protect a family from nuclear fallout in case of an attack.

Team members said they had obtained favorable commitments for such shelters in nine Arkansas cities — Hot Springs, Texarkana, El Dorado, West Memphis, Pine Bluff, Camden, Blytheville, Fort Smith and Fayetteville.

Purpose of the model shelter would be to familiarize the public with the need for fallout protection, the team said. It would cost between \$1,200 and \$1,500 and would be located in a public place.

The team was led by B.H. Clanton and J. B. Green of the Southwest Regional Office of Civil Defense in Denton, Tex.

Laman said he would appoint a board to study the proposal. The team will return Sept. 15 to meet with the board.

day there is not time for action on cotton legislation in the current short congressional session; so a full hearing later would be more beneficial.

Under the present program farmers may choose either to plant their allotted acreage and qualify for relatively high prices from the government or to plant more than their allotted acreage and still qualify for a government loan of lesser value.

# Hussin Has Full Control of Jordan

By SPIRO ELISSA

AMMAN, Jordan (AP) — King Hussein apparently held firm control of Jordan today despite the assassination of Premier Hazza Majali.

The young king quickly named Bahjat el Talhouni, veteran chief of the royal cabinet, to succeed Majali and Monday night approved the new 11-man cabinet. Seven members were ministers in Majali's government.

London newspapers said President Gamal Abdel Nasser of the United Arab Republic was bound to be suspected of ordering the time-bombing of the Jordan government offices Monday, in which 10 persons beside the premier were killed and 41 wounded.

Majali was regarded in Cairo as a leader of Arab forces opposed to Nasser. However, shortly before his death he approved the recommendation from the meeting of Arab foreign ministers in Lebanon that Arab nations halt propaganda attacks against each other. The bitterest inter-Arab exchanges have been between Jordan and the U.A.R.

Even observers in Cairo said Hussein still was firmly in control of his desert country. Jordan was placed in a virtual state of emergency. A curfew was decreed for the Amman area, and armored cars with troops in battle dress patrolled the capital's streets.

Airports were closed to traffic and Amman radio suspended its regular programs.

Gen. Habis Majali, the slain premier's cousin and commander of Jordan's army, ordered a search for the assassins.

The view in Cairo was that King Talhouni's appointment indicated Hussein intended to stick to his staunchly anti-Communist, pro-Western stand and that prospects were dim for any reconciliation with President Nasser of the United Arab Republic.

## Holds Bulldozer for Damages

ASHLAND, Ky. (AP) — Jack Simpson has a bulldozer trapped behind a few strands of barbed wire in his back yard.

It will stay there, Simpson says, until someone pays for damage he claims the machine caused while it was being used on a sewer project.

The bulldozer's owner, Ambrosius Industries, Inc., wants the city to provide rights-of-way so it can move the machine.

The city plans to seek an injunction to force Simpson to remove his barricade.

Miss Catherine Jean Del Vecchio and Jerry David Cottingham United in Marriage

Miss Catherine Jean Del Vecchio, daughter of Mr. and Mrs. Phillip Del Vecchio, became the bride of Jerry David Cottingham, son of Mr. and Mrs. J. D. Cottingham of Prescott, on Saturday morning, August 27.

Officiating at the ceremony was Father Joseph Enderlin at Our Lady of Good Hope Catholic Church. The sanctuary was decorated with baskets of white gladiolus and greenery. Music was provided by Mrs. Perry Henley, organist.

The bride, given in marriage by her father, wore a street length dress of blue, embroidered, polished cotton with a silk organza overskirt. She had a matching blue head-band with veil and carried a bouquet of lilies of the valley clustered around an orchid.

Miss Ann Ward, maid of honor, wore a street length dress of pink chiffon with a pink feathered hat.

She carried a crescent shaped bouquet of carnations.

Tommy Cottingham of Prescott served his brother as best man. Ushers were William Formby, cousin of the bridegroom, and Emmett Barrett.

The bride's mother chose a pink cyclot dress with bone accessories and wore a corsage of blue carnations. The bridegroom's mother wore a navy dress with a white carnation corsage.

A reception was held at the church hall after the wedding. Mrs. Harvey Fullerton presided at the punch bowl, while Mrs. Jack Reynard served the cake.

When the newlyweds left for a short trip, the bride wore a blue sheath dress with bone accessories. She pinned the orchid from her bridal bouquet at her shoulder.

Mr. and Mrs. Cottingham will make their home in Hope at 420 Edgewood.

Miss Elaine Conway and Herbert Wayne Johnson Are Wed

Friday evening, August 12, at the Garrett Memorial Baptist Church of Hope, Arkansas, the wedding of Miss Elaine Conway, daughter of Mr. A. W. Conway Sr., of Henderson, Texas, and Herbert Wayne Johnson son of Mr. and Mrs. Jeff Johnson of Hope, was solemnized in a beautiful double-ring ceremony.

Officiating at the double-ring ceremony before an altar decorated with white gladiolus and greenery, was the Rev. Perry Purdie of Hope. Miss Brenda Mitchell provided the wedding music. Before the exchange of vows, guests heard two selections of song by Miss Darlene Braden, Miss Carla Jo Purdie and Miss Brenda Mitchell, all of Hope. The girls wore identical dresses of light blue taffeta. Presiding at the

Bride's Hook, which was beautifully lighted by a memory candle, was Miss Amanda Chaffin of Magnolia. Guests were ushered into the church by Dale Zinn of Oklahoma University.

The bride wore a short, white embroidered "bridal" dress with scooped neckline, applied with linen. The dress featured a midriff bodice of tiny rows of linen joined together in the back and forming two small bows. A crown of orange blossoms held her finger tip illusion veil, and she carried a colonial bouquet of white stephanotis atop her blonde. A solitary pearl was her only jewelry. Short white gloves completed her attire.

Miss Mary Ann Cearley of Magnolia, a former college room-mate of the bride, was the bride's honor attendant. She wore a street length dress of pink patize with a bodice of lace insertion and a tiny headpiece of pink shaded apple blossoms overshadowing skeletonized leaves. She carried pink carnations. Travis Purdie of Hope served the groom as best man.

A reception in the home of the groom's parents was held following the wedding. After a short wedding trip, the newlyweds will be at home in Magnolia, where the groom will attend Southern State College.

Mrs. C. C. Lewis Entertains Friday Bridge Club

On August 26 Mrs. C. C. Lewis entertained her Friday Bridge Club. The two tables of players included one guest, Mrs. Thomas Kinser Jr. of Stuttgart. The guest and Mrs. Tom McLarty won the high score prize.

For refreshments a sandwich plate and cold drinks were served.

WMS Royal Service of First Baptist Church Meet

The WMS Royal Service of the First Baptist Church met Monday, Aug. 29 in Fellowship Hall with 34 present to hear the program given by the Amanda Tinkle Circle. Mrs. Gus Haynes is chairman.

Members participating were Mrs. Dick Haynes, program leader; Mrs. Bill Leonard; Mrs. Dorsey White; Mrs. Herbert Dodson; Mrs. Bill Schooley and Mrs. Terrell Cornelius. Mrs. Clarence Geist sang a solo accompanied by Mrs. Jewel Moore Jr.

A monthly business meeting followed. Mrs. Homer Boyer presided. Mrs. Gus Haynes was acting secretary. The Mission Book Study report, given by Mrs. R. E. Chism, revealed that the local church had reached 390 points out of a possible 500.

Girl's Life Corroded By Warring Parents

BY HELEN WORDEN ERSKINE

Dear Helen:

My parents don't get along any more. All I see is hate and misery between them. Twice my mother packed and was about to leave. I put on a crying scene and told them it was childish and ridiculous for them to act as they did. Now even that won't work. I know Mom still loves my father but it's been years since he has said "I love you" to her.

I've tried to be happy but it's just hate and misery for every body around here. If this keeps up I'm getting out as soon as I can. I'll which will be this coming week. —VANGIE

Dear Vangie: In rare instances, divorce is the only solution. The chief factor, of course, is the children, and what effect this will have upon them. Hate is the most

corrosive of all human emotions. Children who grow up in such an atmosphere can't help but have a twisted view of life. Better that your parents come to a parting of the ways than that they ruin your life as well as theirs.

Dear Hopeful: Sorry, I have not the space to print your letter. It would be unfair to those in a similar plight whose letters I have not the space for. Don't marry the father of your child body around here. If this keeps up I'm getting out as soon as I can. I'll which will be this coming week. —VANGIE

Dear Helen:

I am writing to you in the hope that mothers will read this. They must realize that if they love their children and ask strength from God to see them through problems both small and big, those children will grow up to be fine citizens who could create a world at peace with all nations. It is our duty (I am a mother) to love, guide, encourage and discipline our children to make sure they will have a world whose foundations are: Love thy neighbor as thyself. To some this may not be important but to anyone who feels a responsibility for the future, it is.

Thank you for letting me take the soapbox and bend your ear. Someone has to make mothers realize their responsibility for the

future of this world. I enjoy your column and believe you must be a very understanding human being. —Mrs. Dorothy Marosevitch, Delhi, Ontario, Canada

Dear Mrs. Marosevitch: I agree with all you say, but would go a bit further. It is the responsibility of the father, not only the mother, to instill the right principles in their children and to see that they put them to practice.

My late husband, John Erskine had this to say about it in his book "The Complete Life".

"From the moment the child is born the art of parenthood should begin and it should continue until the parent dies. Parents when they are intelligent as well as loving, supply childhood with the principles by which life can be lived well and as soon as possible they encourage the child."

By DR. CHARLES JOHNSON "CHIROPRACTOR"

### Cause of Leg and Knee Pains May Be Overlooked

Often one suffers for many years with a painful knee. Observation and treatment has been limited strictly to the knee. The cause of the trouble, however, might originate some distance from the point of pain. Due to a twist or distortion of the hip bone, the large nerve trunks supplying the legs become irritated, or may cause the weight to be borne improperly on the knees and irritate the nerves at the knee directly.

Sometimes minor displacements of the bones of the feet or fallen arches give rise to the same symptoms.

By correcting these bony displacements, the chiropractor in many cases aids these painful conditions by removing the cause

# America Needs Points Badly in Olympics

By TED SMITH  
Associated Press Sports Writer

ROME (AP)—Germany's Ingrid Kramer completed a sweep of the women's diving events in the Olympic games today, once more defeating America's favored Paula Jean Pope of Santa Ana, Calif.

The blue-eyed 17-year-old blonde from Dresden added the 10-meter platform title to the 1-meter springboard crown she has won Saturday. In each case Mrs. Pope, a 25-year-old housewife, was second. The United States had won the high diving event in seven consecutive Olympics starting in 1924.

It was the first time Germany ever scored a sweep in any Olympic swimming or diving event. It also was the third gold medal the Germans had won, two by Miss Kramer and one in the men's kayak singles relay.

It was the third and probably last Olympic for Mrs. Pope and the fourth and probably last for Mrs. June Irwin of Glendale, Calif., who finished fourth behind Miss Kramer. Mrs. Pope and Russia's Ninel Krutova, the bronze medalist.

After 19 finals, the host Italians had five gold medals. Russia had four, Germany three and Australia two. The United States, Hungary, Great Britain, Denmark and Sweden each had one.

In the unofficial point score, Russia led with 80, followed by Germany 70, Italy 65, the United States 40 and Hungary 30.

The United States suffered a setback in the opening preliminary heat of the rowing competition when Czechoslovakia defeated the U.S. team in the four oars with coxswain event. The defeat sent the American crew into the repechage (second chance) competition Wednesday afternoon.

Although Russia won the individual cycling road race in an upset, U.S. hopes were lifted by a showing of unexpected strength in other events.

While Viktor Kramnikov of Russia captured the Soviet's fourth gold medal with a wheel victory, over Italy's Livio Trappe in the last of six cycling finals, Americans were surprising in fencing and the finals of the men's individual foil competition with an upset of the defending champion, Christian d'Orville of France, and two other victories in just 90 minutes of semifinal competition.

And Navy Lt. Bob Beck, 23, of San Diego, Calif., went to the front of the field in the modern pentathlon with a strong showing in 300-meter freestyle swimming, the fourth of the five events on the program.

He carried a 91-point lead into Wednesday's cross-country running final.

The Russian cycling gold medal, smashed the Olympic record and prevented Italy from sweeping led the qualifiers in the women's cycling in which it had already won five firsts.

The semifinal draw of the Olympic basketball tournament was held today. It placed the United States and Russia, chief threat to host Italy sought a sweep of

an American gold medal, in the same half of the draw. They will meet in a showdown game Saturday night.

The temperature, that already blamed for the death of a Danish cyclist last week, reached 90 degrees again today.

The Italian Olympic Committee awarded a gold medal posthumously to the cyclist, Knut Ene-mark Jensen, whose body was returned to Copenhagen today.

The Italian is second place in the road cycling, gave them an unofficial 65 points, ahead of Germany's 60 and the United States' 40.

Meanwhile, America's swimmers and divers sought to triple their gold medal output today with three aquatic finals on the Olympic program.

But blocking their way was golden-haired Ingrid Kramer, the 17-year-old East German diver, who already has won the springboard event and led going into today's high diving competition.

She was in front by 1.00 points with Paula Jean Pope of Santa Ana, Calif., the favorite, second.

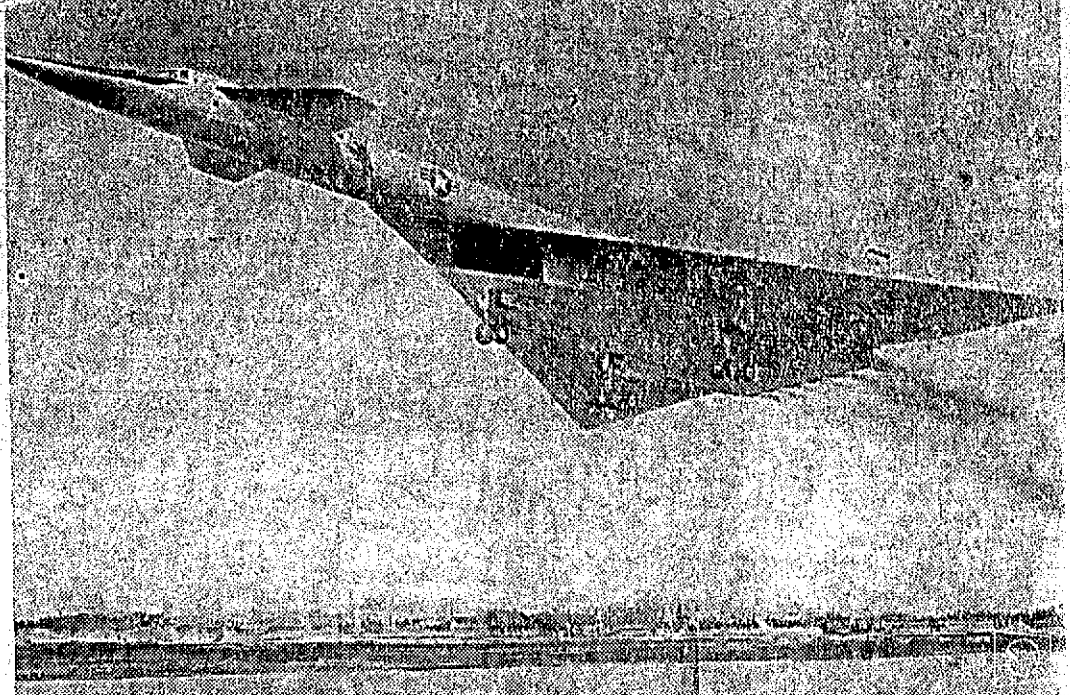

The United States—its only gold medal won Monday in men's springboard diving by Californian Gary Tobian—needed points badly in its heretofore unofficial battle with Russia for the team title. The Russians had 61 points, Italy and Germany 60 and the United States 40.

The best American bids for gold medals (and the 10 points that go showing in 300-meter freestyle swimming, the fourth of the five women's 100-meter butterfly final and men's 200-meter breaststroke)

Carolyn Schuler, 17-year-old schoolgirl from Orinda, Calif.,

the six cycling gold medals as favorite in the individual road race that began early this morning. Peter Von Kreunigen of Holland held the early lead in the 100.6-mile race, the last, and feature event of Olympic cycling.

Before the start, a minute of silence was ordered by the jury to honor the late Danish cyclist Kurt Ene-mark Jensen, who died in the killing heat in the team road event last Friday.

Swimming, soccer and cycling dominated the Olympic program Monday.

Tobian edged out teammate Sam Hall in the event he wasn't expected to win. His specialty is the upcoming platform diving.

Tobian's performance was shaded by Australia's Dawn Fraser who won the 100 meter free style for the second time, the first

## Mother, Daughters in Beauty Contest

MIAMI, Fla. (AP)—A mother of four has joined her two teenage daughters in a beauty contest.

Mrs. Dorothy Fesko, 37, entered San Francisco competition for "Queen of Carol City." Her daughters, Joyce, 16, and Roberta, 17, had entered previously.

Carol City is a Miami suburb.

woman ever to do so. She beat Chris Von Saltza, in a heretofore rivalry, in 1:01.2, breaking her own Olympic mark of 1:02.4 and matching her own world record.

Two more Olympic records were shattered by the Americans in the aquatic events. Carolyn Schuler, 17, did the 100 meter butterfly in 1:09.3 in preliminary heat, bettering the 1:05 record of 1:11.0 by America's Shelley Mann.

The United States' Bill Malliken was clocked in 2:37.2 in winning his semifinal heat of the men's 200 meter breaststroke breaking his own mark of 2:38 set last Friday.

One world record fell. In the men's 800 meter free style relay preliminaries, Japan topped its own existing mark of 8:18.7 with a 8:17.1 performance. Australia is awaiting, however, certification of an 8:16.6 time turned in on Aug. 6. The Americans won the other heat of this event, putting Japan and the United States in direct challenge in the finals as the favorites.

In the water polo competition, defending champion Hungary led seven other teams into the semi-finals. The Hungarians along with Yugoslavia, Holland, and the United States survived to form one bracket with Italy, Romania, Russia and Germany in the other.

# Attitude of Bobcats Has Pierce Worried

By Jimmie Jones Jr.

The Bobcats are plagued by injuries. And the boys that are hurt are the ones that John Pierce is counting on to pull the Bobcats through the coming season.

Phillip Gilliam, a letterman, is out for the rest of the week with a knee injury. Joe Matt Herndon, a returning letterman, is the man that Pierce is counting on for the fullback position. Herndon injured his back in Monday's practice session. Garry Arnett is out of practice with intestinal virus.

Charles Dudley, who figured in Pierce's offensive plans, was injured in a motor scooter accident and is out of practice, possibly for the season.

Pierce, although noticeably disappointed by the Bobcat's showing in the Red-White game, said, "We profited by the scrimmage more than anyone can realize. We saw our weak spots, and we are trying to cover them." He added, "That is the question, whether we can cover them."

The Bobcat blocking was poor in the scrimmage game, but Pierce notes that the team is going to work on blocking this week and try to correct that. However, the team had only been working out a week, and the blocking in the game was as good as the coaches had expected.

Coach Pierce said, "We need a change of attitude in our boys, and I can't see but one way for that to happen. We need support by the town people. It would help us if we could have some fans follow practices, and above all go to the Camden Jamboree."

Due to injuries, the team will spend more time on dummy work this week. Most drills will be dummy scrimmage and drills designed to get the team in better shape.

## Orioles Gain a Bit on the Leading Yanks

By JOE REICHLER  
Associated Press Sports Writer

"Well, make a lot of mistakes, as kids are wont to do. But should we manage to stay fairly close during the first half of the season, then watch out for us during the second half."

Baltimore manager Paul Richards' prophetic spring statement was recalled following the Orioles' 3-0 victory over the Chicago White Sox Monday night, which boosted them to within 1 1/2 games of the lead in the American League.

Richards must have been looking at a crystal ball, this early. Birds made mistakes—lots of 'em—during those first few months of the regular season, but spectacular pitching kept them close to the pace.

During the second half of the campaign, Baltimore has been the hottest club in the American League.

Monday night's victory was Baltimore's second straight over the third-place White Sox who dropped 3 1/2 games behind first, two behind the Orioles.

Cleveland defeated Washington 4-1 to move within two games of the fourth-place Senators. Boston's Red Sox whipped Kansas City 4-1. The Yankees, after playing three doubleheaders in three days, enjoyed a welcome lay off. Detroit also was idle.

Pittsburgh retained its 5 1/2 game lead in the National League, whipping Los Angeles 10-2. St. Louis burst into second place with a 3-0 triumph over Milwaukee and Philadelphia blanked San Francisco 2-0. Cincinnati and Chicago were idle.

Jack Fisher, one of Richards' five fledgling starters, hurled the shutout for the Orioles. He permitted only four hits and fanned eight for his 10th victory and first shutout.

Jim (Mudcat) Grant maintained his mastery of the Senators, as Cleveland made it two in a row over Washington. It was the fifth time in six decisions that Grant has beaten the Senators this season. His career total is a remarkable 16 victories against only one defeat.

Cleveland rapped 16 hits off loser Camilo Pascual and two relievers with catcher Johnny Ro-mano getting three.

Second-inning home runs by Frank Malzone and Lou Clinton were all Tom Brewer needed to win the Athletics. The right-

handed pitcher spaced eight hits for his loser, dropped his 10th against one in a hospital today. He was 46, eighth victory. Don Larsen, the victory.

## Beyerley Is Country Club Champion

Homer Beyerley defeated Henry Fenwick 3 and 2 last weekend to become the 1960 Hope Country Club Golf Champion. The match was hip and tick all the way between these two local veterans. Beyerley, who fired five birdies, held a 3-hole lead through the first eight holes, but Fenwick cut his lead to 2 up at the end of nine and 1 up at the end of the fourteenth hole.

Beyerley, who fought a bad look behind a tree on 15 but made a beautiful approach to the green Monday night, which boosted him to within 1 1/2 games of the lead in the American League.

Richards must have been looking at a crystal ball, this early. Birds made mistakes—lots of 'em—during those first few months of the regular season, but spectacular pitching kept them close to the pace.

Wilson, Louis Boatner, Frank Johnson, S. H. Buchanan, Lynn Hickles and Mrs. Mary Johnson. Refreshments were served.

However, a Katanga military station monitored a radio appeal from Bakwanga to Leopoldville.

Under an agreement between the U.N. force and the Belgian government, only U.N. troops will be allowed to use Kamina's 100-million-dollars worth of facilities, including one of the biggest runways in Africa. The idea is to keep Lumumba's troops from using the base as an invasion point against Katanga's secessionist premier, Moise Tshombe.

News of the fighting in Kasai was as confused as most reports out of the chaotic Congo in recent weeks.

Kasai Premier Pascal Ngululu told the Belgian News Agency that Baluba tribesmen had counterattacked with bows, arrows and spears against several hundred Congolese army troops who thrust into Kasai's rebellious "mining state" Arga three days ago and captured its capital, Bakwanga.

But authorities in nearby Katanga said any talk of a counter-offensive by the tribal warriors was propaganda put out by the anti-Lumumba leaders seeking recognition of their independence movement.

However, a Katanga military station monitored a radio appeal from Bakwanga to Leopoldville.

## Challenge for Lumumba in Kasai

By ADRIAN PORTER

ELISABETHVILLE, the Congo (AP)—Congo Premier Patrice Lumumba faced a new challenge today in Kasai province, where his soldiers were reported battling tribal warriors backing the secessionist move there.

U.N. forces meanwhile planned to take over control today of Belgium's big Kamina military base in Katanga province. The last of the Belgian combat troops were pulling out for home or the neighboring trusteeship territory of Ruanda-Urundi, but several hundred Belgian army maintenance men were to remain until Belgian equipment is removed.

Under an agreement between the U.N. force and the Belgian government, only U.N. troops will be allowed to use Kamina's 100-million-dollars worth of facilities, including one of the biggest runways in Africa. The idea is to keep Lumumba's troops from using the base as an invasion point against Katanga's secessionist premier, Moise Tshombe.

News of the fighting in Kasai was as confused as most reports out of the chaotic Congo in recent weeks.

Kasai Premier Pascal Ngululu told the Belgian News Agency that Baluba tribesmen had counterattacked with bows, arrows and spears against several hundred Congolese army troops who thrust into Kasai's rebellious "mining state" Arga three days ago and captured its capital, Bakwanga.

But authorities in nearby Katanga said any talk of a counter-offensive by the tribal warriors was propaganda put out by the anti-Lumumba leaders seeking recognition of their independence movement.

However, a Katanga military station monitored a radio appeal from Bakwanga to Leopoldville.

**BUBBLE BATH IN A COAL MINE**—A new method of fighting fires deep inside coal mines involves foam produced from a soaplike solution sprayed through netting. Two men stand waist-deep in the stuff in Armo's mine in Monticell, W. Va. Called a "foam plug," the new method enables rescuers to stay out of danger while the foam extinguishes the blaze or keeps it from spreading. The entire inside of the mine was filled with foam in less than two hours in this demonstration.

**INDIA: ASIA'S LEADING NUCLEAR POWER?**—Atomic shapes rise at Trombay, India, where a nuclear research center covers 2,000 acres near Bombay. Steel shell in foreground—133 feet high and 120 feet in diameter—covers the Canada-India reactor for which Canada supplied equipment and foreign exchange. Ball-shaped structure in background is an 850,000-gallon water tank of prestressed concrete. It is designed to supply emergency cooling water to the reactor. The 20-million-dollar reactor, with a 40,000-kilowatt capacity, is the country's largest. India claims to have the ability to produce nuclear weapons but insists it won't.

# Thomas Is Mobbed by His Fans

By WILL GRIMSLEY,  
Associated Press Sports Writer

ROME (AP)—U.S. authorities said today they may be forced to put high-jumper John Thomas in hiding so that he can get some relaxation before his Olympic gold medal bid Thursday.

"This boy is undergoing literal torture," said Larry Snyder, head American track coach. "He can't eat, he can't sleep, he never has any privacy. He never gets any rest."

"People are crowding him all day long—going into his bedroom at the village, hanging over his elbows at the lunch table, mobbing him on the practice field."

"He can't show his face without having a swarm of people pouring all over him—newspapermen, cameramen and fans. There's no doubt about it—he's the most sought-after athlete in the entire village. We can't help that. But we may have to get him out of here and into a hotel room somewhere so he can catch his breath."

"Thank goodness, he competes early."

Thomas, 19, a mild-mannered Bostonian who has leaped a phenomenal 7 feet, 3 inches, is beginning to show signs of cracking under the constant wear and tear.

The gangling 6-foot-5 Negro had moisture in his eyes when he tried to describe his tribulations in the canteen Monday night.

"When I go back to my quarters they're waiting for me in my room. When I go out the door they rush up and start asking questions and taking pictures. I can't even train without having a lot of people around me."

Despite all these distractions, the Boston University student is training as well as any member of the U.S. squad. He is regularly clearing 6-10 to 7 feet in practice.

Sixteen may be good enough to win the gold medal," Thomas said. "There is terrific pressure in the Olympics and everybody is trying so hard and is so tense that you don't get the best performances."

"I just want that gold medal. I'm interested in winning, not in setting any records."

## Pirates Back on Pennant Road Today

By JOE REICHLER  
Associated Press Sports Writer

Pittsburgh was back on the pennant road today, headed for its first flag in 33 years, and Vern Law, its ace right-hander, was in position to become the first Pirate pitcher to win 25 games since Burleigh Grimes racked up that many victories in 1928.

Pittsburgh broke a four-game losing streak Monday night and Law posted his 19th triumph as the Pirates walloped Los Angeles 10-2. By winning, the Pirates maintained their 5 1/2 game lead over St. Louis, a 3-0 victory against Milwaukee. Philadelphia blanked San Francisco 2-0. Cincinnati and Chicago were idle.

Baltimore defeated the Chicago White Sox 4-0 to climb within 1 1/2 games of the idle first-place New York Yankees in the American League. Cleveland defeated Washington 6-4 and Boston downed Kansas City 4-1.

Law, 30, virtually a cinch to become the majors' first 20-game winner this year, permitted eight hits for his eighth straight victory and fifth over the Dodgers.

## Kennedy Has Board to Advise Him

WASHINGTON (AP)—Sen. John F. Kennedy announced today the formation of a four-man non-partisan group of post-election advisers on national defense and foreign policy.

Kennedy, the Democratic Presidential nominee, told a news conference that he intends to criticize vigorously in the campaign "various aspects of current national security policies."

"But that criticism will be responsible and constructive," he said.

Kennedy announced the following group will help make avail-

able to him "the broadest range of expert thought in this critical area, without regard to party."

Paul H. Nitze, former director of the State Department policy planning staff, chairman; David K. E. Bruce, U.S. ambassador to Germany from 1957 to 1959; Roswell L. Gilpatrick, chairman of the board of trustees of Aero-Space Corp., a private agency responsible for technical supervision of the ballistic missile and military space projects of the Air Force, and James A. Perkins vice president of the Carnegie Corp., and member of the Gaither Committee appointed by President Eisenhower in 1957 to survey national security problems.

Hoak supported Law's pitching with three-run homers. Hoak added a triple and drove in four runs. Law also chipped in with a home run.

Larry Jackson hurled the Cardinal shutout. He yielded just three hits and did not permit a Milwaukee batter to go beyond first base. The Redbirds managed just six hits off loser Joey Jay and Ron Piche and did not score until the seventh.

The victory, fourth straight for St. Louis, enabled the Cards to climb past the Braves into second place.

Rookie Art Mahaffey, handcuffed the Giants with two singles as he registered his fourth victory without a defeat for the last-place Phillies. The 22-year-old right-hander, called up from Buffalo on July 20, retired the first 15 batters before Eddie Brossoud singled in the sixth.

Johnny Callison and Tony Taylor drove in the Philadelphia runs, off loser Mike McCormick.

## Plans to Be

live aircraft with a kit supplied by the Oakland, Calif., people.

The kit will consist of two 180-horsepower engines, a new nose assembly, and all other parts for the conversion. This assembly work to be done at the local plant, Mr. Watson said. The result will be a new airplane, so recognized and licensed by the FAA.

Mr. Watson said a million dollars had been spent in perfecting the pilot model and obtaining its certificate from the federal agency. A second test model was built and systematically destroyed in stress experiments. The Oakland people then built a third and fourth production plane, now flying as demonstrators — and it was the No. 4 plane that flew into Hope Monday noon from the West Coast by way of Dallas, Texas.

Private companies buying executive planes need the safety of twin engines with the navigation equipment because their people do business in the daytime and fly at night, Mr. Watson continued.

John Randolph told the breakfast meeting that Southland is going into this new venture because the Super-V plane will outperform and undersell existing executive planes. He said he couldn't give specific figures on the size of the new industry "because it depends on the market, and we will be feeling our way at the start."

First Plane Jan. 1

Mr. Randolph said the first move will be to buy a single-engine Bonanza and send two men out to Oakland, Calif., for a conversion job. He said the first kit will arrive at the local plant about Oct. 1 — and the first completed executive plane will be produced here about Jan. 1.

"We may turn out two or three planes a month; if sales build up to as many as 10 a month we will require a production line, and additional buildings," Mr. Randolph continued.

Present at the Monday breakfast were:

Lloyd Spencer, Robert M. LaGrone Jr., George W. Peck, Vincent Foster.

Chamber of Commerce Executive Committee: Fred Ellis, W. H. Gunter Jr., Cliff Bridges, and Frank Douglas.

Hempstead County Industrial Foundation: Frank McLarty, Henry Seaman, Teddy Jones.

Hope Retail Merchants Committee: Jimmy Howell, Herbert Burns, Bill Caldwell.

City of Hope: Sam Andrews, George W. Robinson Jr., George T. Frazier, G. G. Medders.

Corn Belt Hatcheries and Southland Aviation, Inc.: Mrs. Freeda Greenan, John Randolph, and Bill Watson.

## FAUBUS' Name on Florida Ballot

ORLANDO, Fla. (AP)—W. M. Burch, spokesman for the National States Rights party said a petition asking that the name of Arkansas Gov. Orval E. Faubus be placed on the November presidential ballot will be filed in Lake County today.

A similar petition was filed with the Orange County registration supervisor yesterday. It contained more than 600 names.

The party must get at least 7,500 signatures and file petition in 34 counties in order to place Faubus' name on the general election ballot.

## Jones Named to Chairmanship

CONWAY, Ark. (AP)—State Sen. Guy H. Jones, defeated for renomination in the July 26 Democratic primary, was elected chairman of the Faulkner County Democratic committee yesterday.

Jones defeated incumbent chairman Paul E. Atkins, 16 to 13.

A new list of delegates to the state convention was drawn up when the committee decided it had been in error in its method of choosing delegates at an earlier meeting. Several of the original delegates were left off the new slate.

## AEA Fighting No. 52 But Not Faubus

LITTLE ROCK (AP)—The Arkansas Education Association plans an all-out drive to defeat proposed constitutional Amendment 52, which will be voted on in the November general election.

Dr. Hugh Mills of Hot Springs AEA president, said after an AEA board meeting yesterday that the organization was not fighting Gov. Orval E. Faubus or the state legislature over the proposal. It was passed by the 1959 legislature with Faubus' backing.

Amendment 52 would allow local option closing of schools faced by court-ordered integration.

A prepared AEA statement said, "Granted that proponents of this measure have as their primary purpose the avoidance of compulsory integration of the schools, and we have no quarrel with this purpose. The amendment must be interpreted by its words and not by the motives or utterances of its proponents." A millage clause in the proposed amendment has drawn the fire of some school men.

A brochure distributed by Forrest Rozzell, AEA executive secretary, outlined a statewide campaign to defeat the amendment. The brochure said a school administrator in each county would be asked to take the lead in organizing local committees to oppose the amendment. A state headquarters is to be established in Little Rock.
